

Seniors and High School Graduates Read ON!

Creativity Doesn't Need to Stop at Graduation!

It is important for you to know how much the Odyssey of the Mind program needs former Odyssey of the Mind participants with experience! Who is better qualified and who knows the Odyssey of the Mind program better than you? You know the problem better than most judges. You are what we need as experienced judges, coaches, or Division IV (College) teams. How would you like to judge at Regional, State, or World competitions? Or what about a guarantee to compete at the Odyssey of the Mind World Finals competition by putting together a team of talented college/university students?

If you're a former Odyssey of the Mind participant and would like to stay involved in some way, please get in touch with me immediately! Also look for info for a social event @ State Registration. Feel free to contact me @:
